FIGURE IT OUT

King Farmer Jones' boy is coming to the burg to take his best girl Luella to the picture show. Then he will treat her to ice cream in the "vernilla" flavor, and what delicious cream! He will buy a cigar and lodge his horse in the livery and then drive home after "having had a great time."

Now how many people are benefited in the 'burg? Figure it out.

Then Joe and Jim and Lester will have a bowling match in the 'burg. The are tired of farm work all the week and a change is as good as a rest. There they save so much car fare and will benefit the village to what extent? Figure it out!

Then there is the new "comfort station" near monument park. Surely that was needed most in an up to date town.

For who will count the many excursionists who come to visit "Sleepy Hollow" and buy sodas, etc., for the town is famed far and near because no hops and malt are mixed here—only pop and ginger.

What a fine thing is that band stand built in monument park! The band boys can watch their music now, and need not dodge any six cylinders or Indian motorcycles racing by.

Who suggested the two scores of comfortable benches where the citizens may enjoy the sights and the music?

More needed than fairy flower beds, are two dozen benches.

When "Gen" Coxey led his army of unemployed to Washington, D. C., some twenty years ago to petition Congress to build roads, many pronounced him insane. Yet, what great improvements are the good roads now-a-days.

Everybody wants them—now. Have them rebuild Front street, with the old material ploughed up and coated with that guaranteed asphalt preparation.

We save the cost on the price of oiling the street. Then think how many tourists will pass through the 'burg to look for sites to build homes.

The larger the population of a town the cheaper the cost of living for the more people we have buying in our stores, so much cheaper can our local merchants sell us our necessities.

The fact was realized by our City Fathers many years ago when stipulated it is said, that they would give a site to the wheel factory if they employ Perrysburg labor—a wise and thoughtful provision—for, all things equal, our people should have the preference in our own town.

I WANT A LITTLE BUNGALOW

I want a little bungalow, Where the red bricks always show. Build it nice and snug and cozy, Of those red, red brick so rosy. And when a chicken happens by, How can it help but catch her eye? She will flap her wings and cackle; "Here's where housework I must tackle," In a bungalow—where the red brick always show.

It is desirable that the present general assembly should occupy in deliberation time enough to avoid mistakes in formulating laws, for the calling back of the recent legislature twice to correct errors in its work lessened its popularity.

WHITE MAN WITH BLACK LIVER

The Liver is a blood purifier. It was thought at one time it was the seat of the passions. The trouble with most people is that their Liver becomes black because of impurities in the blood due to bad physical states, causing Biliousness, Headache, Dizziness and Constipation. Dr. King's New Life Pills will clean up the Liver and give you new life. 25c at your Druggist.—Adv.

FRUIT TREE SPRAYING.

Will open business about March 15. All those wishing to have their orchards sprayed address Lock box No. 1, Perrysburg, O. Lime and sulphur sold in any quantities at reasonable prices.

3b. J. C. JENSSON.

A SPLENDID OFFER.

The Perrysburg Tile & Brick Co. will be shut down for a few days next week to install a new up-to-date Hollow Ware Machine, for the manufacture of the various sizes of Hollow Building Blocks, to meet the growing demand, for modern fire proof, vermin proof, rat proof and weather proof buildings of all kinds.

The Company now has some good contracts for Hollow Building material and they cordially invite any one who is going to build a residence to carefully investigate the Hollow Clay Bldg material, which we can assure them will not cost more than 6 to 10 per cent more than first class frame. And when completed is worth 25 to 50 per cent more. In other words a residence that can be built of frame for \$2,000 may possibly cost \$2,200 and a residence costing \$5,000 of frame, at 10 per cent more or \$5,500 can be built of Brick and Hollow Blocks.

Now as there is not a modern built residence in Perrysburg or Maumee, O., to our knowledge having all walls and partitions built of Brick and Hollow ware, and in order to demonstrate the cost, value and beauty of such a home, we are going to allow to the first builder in Perrysburg or Maumee, O., who will build not less than a 6 room residence with all walls and partitions of Brick and Hollow Blocks a discount of 25 per cent off net prices on our goods. Extra High Grade Face Brick furnished if desired. This will hold good for 90 days.

Who is going to be first in each town?

—FOR SALE—A young, grade Holstein cow. Due to fresh April 2.

W. J. SHIPLEY.

—FOR SALE—3 year old roadster, well broke. Call on IRVIN MUTCHLER, one mile west of Leydorf Sta.

—FOR SALE—Three heifers, one 4 year old mare, clover and timothy hay. HENRY SCHALLER.
